A Report to friends interested in a FREE Hobby:

Two and a half months have elapsed since we first published the following editorial. Not a single word or action has been spoken or taken by the principals involved. Many letters however, have been received by us, fully supporting our stand after admitting they 'were on the fence' up to this point. They reason, and rightly so, that the officers of the ANA ARE AFRAID TO TAKE ACTION!

In the Last Issue of KATEN KOIN KAPERS, referring to the paragraph that appeared in The Numismatist on page 715 of the October issue, entitled, 'FROM THE EXECUTIVE BOARD', we replied as follows:

THE BIG LIE! The above is a deliberate, malicious and libelous lie. It publicly brands the American Numismatic Association and the illegal Executive Board composed of M. Vernon Sheldon, Joseph Moss, Capt. O. H. Dodson, J. Hewitt Judd, Charles L. Ruby, C. H. Ryan and Richard S. Yeoman as liars, cheaters and sophists.

They now stand convicted—individually and collectively in the eyes of every member of the American Numismatic Association—**convicted by their silence and do nothing attitude.** They are afraid to bring suit because they know I can prove every statement made. I can go even further—and prove that a so-called respected member of the Board of Governors is a racketeer! Does our hobby want that?

IT IS NOW TIME FOR ACTION—and from the many letters received it appears that one of the following three courses is left open:

1. Full reinstatement of Frank J. Katen, Life Member 132 pending settlement of charges and counter-charges by both sides, by the American Arbitration Society. Their findings to be accepted as final by either side.
2. Demand by corporate clubs and members of the American Numismatic Association for the resignation of the entire group of officers. An Interim Secretary to be appointed in Wichita, Kansas, pending an emergency mail election for a new set of officers. This election to be held by a Certified Public Accountancy firm.
3. Demand that the American Numismatic Association individually and collectively bring suit against Frank J. Katen to prove or disprove the statements he has made. (Note: It is almost impossible to bring suit against the Association. Among the illegal acts by said Association is the fact that it does not maintain an office in Washington. The Federal Charter says, 'SEC. 4. That the principal office of said association shall be in the District of Columbia . . .' and also specifies, 'SEC. 7. That said association shall further have power . . . to sue and be sued in any court of the United States or other court of competent jurisdiction; . . .')

There you are, ANA members—which course shall your Association take? Or will you sit back complacently waiting for the other fellow to start something? Need I point out what happened to certain European countries when its citizenry became complacent?
